Update

No team information available for the 2013 season

Coaches in order to accurately keep track of your team's season, which runs from September through August, it will be necessary to create a new team for tournament registrations starting on *September 1st*. Your current team will remain in the system but will not be available to use for registrations after Sept 1. Any tournaments that were registered under a team prior to September 1 are still valid registrations and will show up in your team home by clicking on the 2012 tab.

There are several tools for coaches to see and compare their team to the competition.

Team analysis uses a team's performance and some of the math formulas from Major League Baseball to analyze their trend in their upcoming tournament.

You can also view a team's history. See where they've played, who they've played, how well they played and where they are scheduled to play.

Game matchup shows how two teams, scheduled to play each other, have performed in ASA play.

MVP PowerRankings 100

Overview based on ASA tournament game performance

Based on their current trends and probability calculations the Originals-Worth probably should have won 5 and lost 4 games for a winning percentage of .556 which means they probably won some close games. They are scoring on the average of 5 runs per game and are only giving up 5 runs per game. At this average expect them to win as many games as they lose.

They seem to perform better in pool play and are not as strong in bracket play.

They are 0 - 0 in recent bracket play.

Their current trending average is .407

The tournament opponents trending average is .479

The prediction model shows them at .813.

They can potentially average 10.9 runs/game and give up 5.2 runs/game.

They could go 8 - 2 in their next 10 games.

All prediction model calculations and probability data are purely for informational or reference use and are not intended for real use. Please do not take any of the data as an endorsement of any team or their potential performance in any tournament.

Overview

Details

Power Score

A mathematical formula to calculate a team's standing in their age division. PowerScores are based on weekly bracket games. They are calculated each Tuesday morning from the bracket results of the previous weekend's tournaments in the TournamentASA system. Teams need to play in a minimum of 3 games to be listed. After week 21 (June 1st), teams need to have played in a minimum of 2 ASA tournaments to be listed.

Headings

W - Wins
L - Losses
PCT - Winning Percentage
RS - Runs Scored
RA - Runs Allowed
DIFF - Run Differential
RS/G - Runs Scored per Game

Tips

To view the Power Rankings choose an ASA Association folder. Then choose the age division to load the Power Rankings.
